CS352 - Report

Arun Felix + Bhavya Patel

May 9, 2025

1 Team Details

Arun Felix and Bhavya Patel

2 Collaboration

Bhavya handled the virtual machine environment, since he had an x86 64 machine. I primarily handled the report.

3 Implementation details

4 Difficulties

We primarily had issues with the Virtual Machine. Bhavya and I had a problem because we both had macbooks, which uses the aarch64 architecture. In the end, Bhavya used his home PC for the VM instead.

5 Observations

This assignment helped us learn about the different utilities available for networking related purposes.
